How to buy

Visit us online. Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk. www.hp.com/go/smbstore

Order by phone. A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293.

Contact your reseller. You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293 for a sales contact near you.

Buy direct with reseller support. HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

HP Public Sector. For HP Public Sector sales information, please call 1-800-727-2472.

Get more value from HP

And really get somewhere

HP helps you get more from technology—from the start and over time. You'll have easier connections to the expertise you need. Easier access to reliable products and solutions. And easier ways to own and use technology. Unhampered by technology complexity, you'll have the time and energy to keep your business humming. With HP, you get more, so you can do more every day.

Get more know-how, now

HP helps you make the right technology choices with easier connections to experienced and knowledgeable resources.

- **Live HP expertise**. Whether you have product questions before you buy or technical questions after, the answers are just a phone call or mouse click away. See the **HP Resource Directory** on the back cover of this guide for a list of HP telephone and web resources.
- **HP expertise centers**. Need help choosing solutions for your business or solving business problems? Access a variety of online tools, Live Chat capabilities, consultative services (phone or in-person) and educational resources. HP's Printing and Imaging Expertise Center points you in the right direction. **www.hp.com/go/expertise**.

Get more reliability, to do the job right

Backed by two decades of experience, innovation, and research and development, the products in this guide offer HP's legendary performance and reliability.

- **World-class, affordable products**. From color and black-and-white printers and all-in-one products to digital cameras and projectors to handheld devices and DVD writers, HP has the depth of selection you need to get the right products for your unique needs. Use this guide to help you narrow the choices, then browse the many additional products and features you'll find online at **www.hp.com/go/smb**.
- **Wide array of solutions and technologies**. Whatever your business, HP technologies can help increase your productivity, lower costs and reduce risks. And HP solutions are designed to integrate easily and securely with your existing IT investments, so you can focus on the profit-making activities that move your business forward. For details, visit **www.hp.com/go/solution**.

Get more support, the smart way

HP helps you stay on top of your technology investment with a portfolio of service and support offerings that provide fast resolution should a problem ever occur.

- **HP Care Pack services**. Make the most of your equipment investments with these easy-to-buy, easy-to-use packages that extend and expand your standard product warranties. Contact your HP reseller partner, or visit **www.hp.com/hps/carepack/print/**for details.
- **eSupport**. These easy-to-use web-based capabilities speed problem resolution, which translates into faster service and lower support costs. Visit the support and driver center online at **www.hp.com/go/printersupport** for details.

Get more information resources, for a smart buy

HP makes it easier for you to evaluate, acquire, manage and retire the HP solutions that support your business.

- **Help me choose a printer**. Use this online tool to find the model that best matches your usage needs or your feature specifications. Go to **www.hp.com/go/choose**.
- **Printer replacement finder**. Select the models you currently own from this online list and you'll get the latest recommendations on replacement models that are just right for you. Go to **www.hp.com/smb/productreplacement**.
- **Self-assessment**. See how you can increase productivity and save operational costs. Check out our free Self-assessment tool at **www.hp.com/go/assessment**.
- **Upgrade for instant savings and return on investment**. Buy a new HP printer and you may save enough in power, consumables and support to pay for your upgrade, including operational costs. Visit **www.hp.com/go/InstantROI** to see how potential cost savings are calculated.
- **Hot deals and other special offers**. Save more on your technology purchases with specials from HP, including limited-time instant savings special offers on selected products. Visit **www.hp.com/go/specials**.
- **HP Smart Finance programs**. This suite of lifecycle financial programs can be tailored for your business needs. Visit **www.hp.com/go/hpfinancialservices**.
- **HP Trade-In program**. Trade any product, any brand and get paid the fair market value for your aging technology. To learn more, visit **www.hp.com/go/tradein**.

With HP, you'll have more time to get more done, so you can really get somewhere: ahead.

Put affordable HP color to work for you

The question for most businesses today is not whether to incorporate color, but when and how. Research shows that printing with color:

- Increases comprehension by up to 73%[1]
- Raises readership by up to 40%[2]
- Accelerates learning by up to 78%[3]

When you add color to the functionality of your office printers, you can make big gains in effectiveness with relatively small increases in purchase and operating costs.

Save up to 50% on outsourced marketing

According to Trendwatch®, the average small to medium business spends $17,000 a year on outsourced marketing. Printing with HP color in-house could help you lower your marketing costs substantially.

- Control your marketing and take advantage of timely opportunities
- Decrease waste and storage costs by updating and printing only what you need
- Personalize materials for sophisticated one-on-one marketing

For help creating your marketing materials, visit the HP In-House Printing Center at **www.hp.com/go/DoItYourself2**.

Accessories

An HP All-In-One multitasks, just like you.

An All-In-One from HP is perfect for a small office or personal use. Most All-In-Ones combine color printing, scanning, faxing and copying into one compact design. They cost less than several standalone devices, take up less space and use less energy than separate units. They're also simple to install and connect to your PC or Mac, making them easy for anyone to set up.

Buy Now ▪ To order or locate an authorized HP partner, call 1-866-545-0293 or visit **www.hp.com/go/smbstore**.

HP Print Server Appliance 4250

Manages print spooling, drivers, queues and network traffic.

Specifications	
Ports	RJ-45 (10/100Base-TX), DB9 (UPS support)
Connectivity, std	DB9 port for UPS support
Protocols supported	TCP/IP
NOS supported	Windows (98, Me, NT 4.0, 2000, XP), UNIX (HP-UX, Solaris, AIX, Linux), supports mainframe systems (LPD compatible)
Client OS supported	Windows (98, Me, NT 4.0, 2000, XP), UNIX (HP-UX, Solaris, AIX, Linux), supports mainframe systems (LPD compatible), printing from Macintosh systems is not supported
Browsers supported	Microsoft Internet Explorer (5.5, 6.0 or later), Netscape (6.2 or later)
Hosted clients, std/max	250/350
Hosted print queues	Up to 50
Embedded web server	Yes
Memory, std	128 MB
Hard disk	20 GB
Fleet management	Yes
Spool capacity	Up to 17 GB
Estimated U.S. street price[3]	4250 (J7941A): $2,099

Streamline network printing and print management.

The very affordable HP Print Server Appliance (PSA) 4250 keeps your bottom line in mind. Unlike pricey print servers, it does not require per-user fees or NOS licenses and it reduces traffic on the WAN. You can easily upgrade the PSA by visiting the web to download the latest features.

Movies, music, storage.

What the CD did for music, DVD is doing for video. And now, watching high-impact DVD movies is only the tip of the iceberg. A new spectrum of DVD possibilities is coming to a computer near you—and HP is leading the way with HP DVD writers. Of course, you can use an HP DVD writer to listen to CDs and watch DVD movies on your PC, but its true value is its ability to help you get creative. DVD promises to change the way people create and share multimedia.

Digital Music

HP supplies

There's no question—HP supplies drive the technology of HP printing. HP printers, print cartridges and paper are designed as a single printing system, precisely engineered for exceptional print quality, rock-solid reliability and fast, efficient operation—page after page.

Not all supplies are created equal. The crisp, vibrant printing by HP inkjet printers is the result of engineering advancements from the world's leading inventor of ink. And every HP LaserJet cartridge is specially designed and custom engineered to work flawlessly with HP LaserJet printers for clear, sharp output for the life of the cartridge. Every HP print cartridge goes through rigorous testing to ensure you get the quality HP printing you expect.

The only way to get HP-quality printing is to use genuine HP supplies. In fact, the use of other supplies may jeopardize the quality, output and reliability of your HP printer. Consider the long-term value of your purchase decisions and count on genuine HP inks, toner and printing materials for unsurpassed reliability.

All of the HP supplies featured in this guide offer the assurance of HP quality and reliability, as well as complete compatibility with HP peripherals. The tables that follow make it easy to choose the right HP supply, whatever your needs.

HP SureSupply

HP SureSupply is a free, user-friendly tool for smarter, simpler online print supply ordering. To learn more, visit **www.hp.com/go/SureSupply** for a demonstration of how it can work for you. And never run out of ink or toner again.

HP Trade-In Program

Trade any product, any brand

The HP Trade-In program is a simple, seamless way for you to upgrade to HP products and get paid the current fair market value for your aging technology.

- Gives instant online quotes for Trade-In values
- Spans every product category
- Allows trading of any combination, any quantity, or any brand of products
- Eliminates the hassles and costs of old technology disposal by simplifying the shipping process
- Accommodates large quantity trades

Additional features

Beyond the ongoing program, we also offer enhanced, time-sensitive promotions as further incentive to upgrade to HP technology.

Because the HP Trade-In program allows you to trade any quantity, we have a dedicated team to help manage the Trade-In process for our large corporate customers whose needs include extended rollouts that may span multiple locations.

To learn more about the HP Trade-In program, visit: **www.hp.com/go/tradein** or call us at 1-888-593-3835.

Reseller friendly

HP resellers can also leverage the program to help their customers upgrade to new HP products. If you are a reseller who would like to learn more about this option, look for us in the programs section at: **www.hp.com/partners/us**.

HP Exchange/Sale: the Trade-In program for public sector

To learn more about this new GSA-compliant program created specifically for federal, state, local, or educational organizations that can't accept back-end rebates, visit: **www.hp.com/go/exchangesale**.

How to buy

Visit us online.

Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk. www.hp.com/go/smbstore

Order by phone.

A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293

Contact your reseller.

You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293 for a sales contact near you.

Buy direct with reseller support.

HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

HP Public Sector.

For HP public sector sales information, please call 1-800-727-2472.
